MEDIA RELEASE

Date: 27 March 2023

City extends the inspection and objection period for its General Valuation Roll 2023

It is good news for property owners as the City extends the inspection and objection period for its General Valuation Roll (GVR) 2023 from 31 March to 5 May 2023.

The City extended the inspection and objection period after taking into consideration concerns and views from different stakeholders. Some customers have not yet received their section 49 notices and had requested the City to extend the inspection and objection period.

Kgamanyane Maphologela, the Director of Customer Communications for the City’s Group Finance Department, said the extension demonstrates the City’s willingness to become customer centric and responsive to residents.

“The extension is done in the spirit that shows that we are a City that listens to its stakeholders. This will afford all the residents enough time to object against any entry of their property should they wish to do so,” says Maphologela.
